**ContractJournal**

Best Places to Work

in Construction 2009

**SHORTLISTED**

Once again we were the runner up in the Contract Journal; Best Places to Work awards. This I think is still a fantastic achievement for the company and reflects well on all the site teams and the Head Office staff. Alpha was also shortlisted for the largest year to year improvement highlighting our commitment to continuously raising our game. A special thanks has to go to Andrea Pattinson for her efforts in making our submission. Maybe 2010 will be our year.
