

**Mercia Marina**  
**C05/08 & C10/08**  
**Land and Water Services**  
**£460,000**

**Summary:**

Alpha Construction were employed by Land and Water Services Ltd to construct the new reinforced concrete dry dock and inlet structure for the new Marina in Willington.

We successfully completed these contracts which included the installation of the drainage system around the site consisting of approx. 1500m of pumped and gravity pipework and the installation of 4 client supplied pre packaged pumping stations and various air valve and washout chambers.
